Soggy Bottom Trail

Floating Bridges through the Wetland

Holly Trail East

Holly Trail west

RANCOCAS
TRAIL

HOLLY
TRAIL

Sweet Gums

Kaydee and Rancocas Trail

MARSH

RANCOCAS
TRAIL

KAYDEE
TRAIL

Branch of the Rancocas Creek at High Tide (3.5 ft.)

Branch of Rancocas Creek at High Tide

Licapodium, a club moss

Beavers were at
work in the spring
of 2021

Where the trail does an acute turn from the Kaydee onto the Rancocas

Very dry path to the boat dock lined by white oaks and scrub pines
